Skin Irritant(rabbit)	:	Not an irritant
Skin Corrosive	:	Not a corrosive
Serious eye damage/eye irritation - Description(rabbit)	:	Not an irritant (based on toxicity data of the ingredients of print)
Skin or Respiratory sensitization - Description(guinea-pig)	:	Not a skin sensitizer
Mutagenicity	:	Ames Assay: Negative
Carcinogenicity - Description	:	Carbon Black is classified as "Group 2B(possibly carcinogenic to humans)" by The International Agency for Research on Cancer (IARC). But long-term inhalation exposure studies of rats against toners containing carbon black have concluded "no evidence of carcinogenesis." Titanium dioxide is classified as Group 2B by IARC.In animal chronic inhalation study, rats only showed the incidence of lung tumors which is attributed to excessive burden on rat lung clearance mechanism (overloading).It is assumed that a designated use of this product should not cause such excessive burden on lung clearance mechanism. The relationship between respiratory diseases and work exposure of titanium dioxide has not been observed in previous epidemiological studies. All other ingredients than carbon black and titanium dioxide are not classified as "Carcinogens <sup>ref.1</sup> ".
Reproduction and Development	:	Not classified as " Reproductive and Development chemicals <sup>ref.2</sup> "
Specific Target Organ Toxicity Single Exposure	:	Not available
Specific Target Organ Toxicity Repeated	:	In a two-year toner inhalation exposure test in rats, mild fibrosis was observed in the lungs in the group exposed to medium doses (4 mg/m <sup>3</sup> ) or high doses (16 mg/m <sup>3</sup> ) exposure environments daily, but no significant changes were observed in the lungs in the low-dose (1 mg/m <sup>3</sup> ) group. The amount of toner discharged during normal use of our products is significantly less than 1mg/m <sup>3</sup> per day, and as long as the product is used on a daily basis, it is judged that it will not affect the human body <sup>ref.3</sup> .
Aspiration Hazard	:	Not applicable
Other Information	:	None
