Skin or Respiratory sensitization - Description (guinea-pig)	:	Not a skin sensitizer
Mutagenicity	:	Ames Assay: Negative
Carcinogenicity	:	Carbon Black is classified as "Group 2B (possibly carcinogenic to humans)" by The International Agency for Research on Cancer (IARC). But we obtained the results from a Chronic Toner Inhalation Study, that commercially available Xerox toner has no evidence of human carcinogens. Titanium dioxide is classified as Group 2B by IARC. In animal chronic inhalation study, rats only showed the incidence of lung tumors which is attributed to excessive burden on rat lung clearance mechanism (overloading). It is assumed that a designated use of this product should not cause such excessive burden on lung clearance mechanism. Epidemiological studies provide no clear evidence of elevated risks of lung tumors mortality or morbidity among the workers exposed to TiO <sub>2</sub> dust. All other ingredients are not classified as "Carcinogens ref.1".
Reproduction and Development	:	Not classified as "Reproductive and Development chemicals ref.2"
Specific Target Organ Toxicity Single Exposure	:	Not available
Specific Target Organ Toxicity Repeated	:	The results obtained from a Xerox sponsored, Chronic Toner Inhalation Study, demonstrated no lung change in rats for the lowest (1 mg/m <sup>3</sup> ) exposure level (i.e. the level most relevant to potential human exposure). A very slight degree of fibrosis was noted in 25% of the animals at the middle (4 mg/m <sup>3</sup> ) exposure level, while a slight degree of fibrosis was noted in all the animals at the highest (16 mg/m <sup>3</sup> ) exposure level. These findings are attributed to "lung overloading", a generic response to excessive amounts of any dust retained in the lungs for a prolonged period. This study was conducted using a special test toner to comply with EPA testing protocol. The test toner was ten times more respirable than commercially available Xerox toner, and would not be functionally suitable for Xerox equipment.*1
Aspiration Hazard	:	Not applicable
Other Information	:	None
